

Stiefel Laboratories, Inc. appoints Richard J. MacKay Vice Chairman of the Board of Directors

Duluth, Ga. – January 30, 2007– Stiefel Laboratories, Inc., the world's largest independent pharmaceutical company specializing in dermatology, announced today the appointment of Richard J. MacKay as Vice Chairman of the Board of Directors. Mr. MacKay will retain the title of President, Stiefel Canada, Inc. As such, he will continue to be involved in key areas of strategy, overall guidance and relationships with Canadian dermatologists and industry partners.

In his new role, Mr. MacKay is charged with assessing the most important issues that face the company in a global context. In addition, his mandate includes assisting the Board and CEO on key projects and relationships. With 50 years in the Canadian pharmaceutical industry, Mr. MacKay will draw on his considerable experience and expertise to drive the company forward.

"Dick has been unstinting in his contribution to the growth and development of Stiefel worldwide. He has demonstrated his talent for global vision and shown exemplary leadership in a number of international executive positions," said Charlie Stiefel, Chief Executive Officer and Chairman of the Board, Stiefel Laboratories, Inc. ***"He is one of the key leaders in our company's history."***

Mr. MacKay has been associated with Stiefel Laboratories and their products for more than 40 years. His innovation and management skills have helped to propel Stiefel Laboratories to the position of Canada's leading dermatology company.

Throughout his career, Mr. MacKay has been active in many organizations. Notably, he has served on the Board of the Canadian Dermatology Foundation for the past 20 years. In 2003, Mr. MacKay was given the first ever Award of Honour by the Canadian Dermatology Association for his service to the people of Canada in raising the standards of health care.

About Stiefel Laboratories, Inc.

Founded in 1847, Stiefel Laboratories is the world's largest independent pharmaceutical company specializing in dermatology. Its wholly-owned global network is comprised of more than 30 subsidiaries, including manufacturing plants in six countries, research and development facilities on four continents and products marketed in more than 100 countries around the world. The company manufactures and markets a variety of prescription and non-prescription dermatological products. Some of the best-known brands in Canada include ^{Pr}CLINDOXYL[®] Gel, ^{Pr}Stieprox[®] Shampoo, ^{Pr}Nerisone[®] Cream, IMPRÜV[®] Cream and Uremol[®].

Stiefel Laboratories supplements its R&D efforts by aggressively seeking acquisitions of dermatological product lines and companies around the world.
